Lulu Dayton, Kalamazoo, Mich.
E. H. Harvey, R. 3
H. F. Downing, Griffith, Ind.
Mrs. L. Bills, R. 1
E. P. Scissons, City
W. H. Brown, Mattawan
George Dean, Mattawan
Mrs. C. W. Butterfield, Bangor
Pearl Noble, City.

SUMMER MEET

The Midsummer Meeting of the Michigan State Horticultural Society will be held Thursday, August 12, 1915, in conjunction with the South Haven and Casco Pomological Society, and the Ganges and Saugatuck Horticultural Society, at the farm of Mr. Amos Tucker, three miles west of Bravo on the Pere Marquette Railway.

Mr. Tucker's farm is in the heart of the Michigan Original Fruit Belt, about midway between Fennville and South Haven. Mr. Tucker is one of the most advanced fruit growers in the state and his farm is an ideal place for this meeting.

FIND DEATH IN WATERY GRAVES

Lawton young man drowns at Gravel Lake, Another at Scott Lake.

Deo Warner, aged 19, a nephew of Mrs. Frank Sherrod of this place, was out camping with several boy chums at Gravel lake, 7 miles from Lawton. Monday morning in company with Deo Campbell, another Lawton boy, he went out on the lake fishing. It is thought that in standing to exchange seats that the boat tipped over throwing both boys into the water. Warner sank immediately but Campbell hung on to the boat. The unfortunate boy was a graduate of the Lawton High School last June and was to have accepted a position in the First National bank in Kalamazoo the first of September. He was the son of Mr. and Mrs. Jay Warner who have the sympathy of a large circle of friends.

Scott lake, six miles east of Bangor also claimed its victim. Monday afternoon, Robert Knight, aged 21. The young man was a traveling salesman who had gone to the lake to spend a few days with his parents who were occupying their summer home. The body was taken back to the home in Chicago for burial.

FORMER PAW PAW GIRL WEDS IN WEST

The Decatur Republican gives the account of the marriage of Miss Ruth Snow to Mr. Robert James Kern at Venice, Cal. The groom is employed as a censor of one of the largest moving picture producing companies in the west. He is a professional at his work and commands a large salary. The largest moving picture studio in the world is located in this little resort city.

Mrs. Kern was born and received her early education in our schools, being a graduate of the High school. She has many old and young friends here who wish for her the very best in life. Mr. and Mrs. Kern will make their summer home at 1627 Crescent Place Venice, but expect to spend the winter in Los Angeles.

SOME CATCH

Our townsman, E. P. Scissons went fishing in our own Maple lake last Friday afternoon, and as the result he came home carrying on his string 3 black bass whose combined weight was six and one half pounds, also 15 bull heads that weighed seven pounds and this is not all. To make the string complete he added 13 speckled bass, 6 blue gills and one poor lone sucker. Some of these other fishermen are certainly put to shame.

WOMAN'S LOVE KEPT OFFICERS GUESSING

Alleged Horse thief arrested by Officer Lang Saturday—Waives Examination.

The love of Mrs. Nettie Green of 116 Park St., La Porte, Ind., for William Frazier, aged 20, who has been keeping the officers of Van Buren, Berrien and Northern Indiana guessing since July 4, has kept him out of the clutches of the strong arm of the law. Saturday the clutch slipped, and officer Lang set the emergency brakes on his anatomy and lodged William safely behind the bars in the county bastille.

William, it is alleged, stole a horse from the Misses Josephine and Ida Foster of Keeler on the night of July 4, and rode him near South Bend, where he met a man by the name of Nelson of La Porte, and traded steeds. He afterwards is alleged to have stolen a harness from a farmer and rode into LaPorte. Frazier has been shielded by Mrs. Greer, and Friday Officer Lang went into Berrien county and found that Frazier had sold a horse and buggy to a party near Eau Claire for \$10.00, receiving on deposit \$1.50 and the balance was to be sent Frazier in care of Mrs. Green. Officer Lang spent a sleepless night watching the Green home and in the morning made a search of the premises, but no William was there.

A little girl put Lang on the trail by telling him that Grandma Green packed a pillow tick with Frazier's earthly belongings and he was headed for the Erie tracks with this tick strapped to his back. However, this tick was the means of capturing the horse thief. Lang followed the tick to Stillwell, made several inquiries and at last located the tick and Frazier in the kitchen at the home of a farmer named Moore, whom he had hired out to. Frazier was somewhat surprised to see Officer Lang, but the two soon made the acquaintance of each other, and a few moments later were speeding their way towards Paw Paw. On reaching Niles a search of the livery barns was made and the horse located there.

Frazier waived examination in justice court, and was bound over to the circuit. He practically admits his guilt to the officers and will probably be dealt with in October according to law and justice, that is awarded horse thieves by Judge DesVoignes. However, if this happened in Missouri—there would in all probability be a "Neck-tie" social before October.

NARROWLY ESCAPED SERIOUS INJURIES

R. T. Bates caught in Cave-in of Water Mains on Main Street, Wednesday

R. T. Bates, who was working for the corporation, while digging ditch for water connection to the store of E. Dick erhoof, now occupied by Bert Ruben, narrowly escaped serious injuries last Wednesday. He was in the ditch shoveling when the bank caved in, catching him from his hips down. He was taken into the store of Mr. Ruben where Dr. Charles examined him. No bones were broken. Latter he was taken to the home of his father, I. P. Bates, north east of town.

RECEPTION FOR PASTOR

The members and friends of the Christian church gathered in large numbers at the home of Mr. and Mrs. Chas. Mathers, on Tuesday evening, where a very elaborate reception was tendered to their new pastor and bride, Rev. and Mrs. F. A. Shape. The house and lawn were beautifully decorated for the occasion and a very enjoyable evening was spent. Rev. Shape has been pastor of the local church for the past three months, and was recently united in marriage to Miss Audrey Baker, of Muir, Mich., where he was formerly pastor, returning with his bride on last Saturday, after a sojourn of a few days at Niagara Falls. They are moving into their new home this week, on east Main St., and enter upon their work with the best wishes of a host of friends, and the hearty cooperation of church and people.

The reception on Tuesday evening was a grand success in every way, consisting of vocal solos by Miss Ione Reynolds, violin and piano duets, addresses by the visiting pastors and response by Rev. Shape, the presentation of a beautiful library table, by Rev. Clarence Hawley, as a gift of the Congregation to the pastor and wife, after which refreshments were served and all returned to their homes happier and better for having thus spent the evening together.

Round Oak Steel Ranges

are the most popular range ever sold in this section

A Round Oak range after it has been used 3 to 5 years will sell for more than many new ranges and will sell quicker too.

The Round Oak is an easy range to keep looking nice. The body is blued polished steel—the nickle castings are not cut up like those on most ranges.

There is less trouble on Round Oak fire box repairs than with other ranges.

The parts are interchangeable and we keep a large stock on hand.

\$50.00
or 5 per cent. less
